

FORGED DRAFT ON HIS OWN FATHER

Son Is Forgiven and Will Go Home and Take New Start

Special to The World, Feb. 23.—HAILTHERVILLE, Feb. 23.—A prisoner in the city jail, whom he had not seen for four years, was the experience of W. M. Fisher, a farmer living near Hailtherville, who came to Hailtherville Wednesday to ascertain the identity of the man who was reported to be cashing checks drawn on his account at a Hailtherville bank.

W. M. Fisher, Jr., was arrested here last Monday when he appeared at a bank to cash a forged draft for \$25 on his father. The same bank cashed a draft for the young man the week previously but had been notified by the bank on which it was drawn that the drawer was a fraud, with instructions to have him arrested should he appear again.

Mr. Fisher, Sr., told the officers that his son had left home four years ago following a quarrel because he would not allow the youth to cash checks with his name signed to them. He said he thought his son was in Texas until he heard of his occurrence in this city when he came to ascertain the identity of the mysterious forger. He said he would not prosecute the charge against his son, who has promised to return home and go to work to earn the money with which to make good the money obtained by the forged draft.

MASH FATAL TO PIG

Drunk Animal Falls Into Barrel and Is Dead When Discovered by Deputy Sheriff.

Special to The World, Feb. 23.—The deputy sheriff near Leach, in this county, reports the finding of a still without a human operator, but found it being controlled by several drunken hogs. The hogs had escaped from the pen and were missing and the owner became somewhat uneasy about his swine. He found the hogs raiding a moonshine just north of Leach. The still was deserted by its owner, and the barrels of mash, holding 150 gallons, were sunk in the ground so that the tops of the barrels came near the surface. The hogs scented the mash and were seen making themselves at home and took charge of the still. One of the hogs, becoming a little dizzy, became overbalanced and fell into one of the barrels, and when the owner found them he was dead.

The deputy sheriff, Charles Tule, was not able to find the owner of the still and decided to wait for the operator. Hiding himself in a thicket, he waited for the moonshiner, who was soon seen coming through the brush. The man began to pick up the scattered fixtures and the deputy sheriff asked him to stop, but the request not being complied with, the deputy fired several shots in the air. The moonshiner quickly surrendered and gave his name as Cook, and was brought to jail and lodged in jail, awaiting trial.

STRAWBERRY MEN ACTIVE

Larger Acreage and More Careful Selection of Varieties.

Special to The World, Feb. 23.—The WYANDOTTE, Feb. 23.—The Wyandotte Strawberry Growers' association seems to be moving steadily forward, making firmer footing at every step. Eight applications for membership were received at the meeting held here Saturday, which was well attended and rather enthusiastic. From facts brought out at that meeting, it appears that the acreage is to be largely increased this season, and greater care is to be exercised in the selection of the best varieties and in employing the best methods of culture.

A carload of crates to be used in shipping berries was recently received and is being distributed. Copies of the printed constitution and by-laws of the association, which have recently arrived, are being sent out to all members.

MOTHER!

Open Child's Bowels with "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even a cross, feverish, constipated child loves its "fruit" taste, and mothers can rest easy because it never fails to work all the sour bile and poisons right out of the stomach and bowels without griping or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottles. Mother, you must say "California." Refuse any imitation.

THE INDEPENDENT WOMAN

Is one of the brightest jewels which adorn our modern, economic system. But too often this independence is gained at the cost of health, and the wage-earning woman struggles through her duties, a prey to nervousness, backache and despondency. Does not her independence then become more of a burden than a joy?

Lidia E. Pinkham's Vegetable Compound has helped many such women to regain their zest in life, and will help many more.—Advertisement.

ELEVEN YEARS FOR ROBBERY

Has Served Four Years in Minnesota and Now Gets Big Term.

Special to The World, Feb. 23.—Eleven years in the penitentiary was the penalty given by a jury in district court Monday to Lyman Ford for his part in the robbery of the Bank of Quapaw in this city seven years ago. Shortly after the robbery Ford was arrested and was being held in jail at Miami, when he and other prisoners made their escape. He was afterward convicted of a crime in Minnesota and served four years in the penitentiary at Stillwater. Upon his release there, he was brought back to Miami last fall to stand trial here.

At the trial C. A. Doughty, who was cashier of the bank at the time of the robbery, was unable to positively identify the prisoner, but men who were county officials while he was in custody, testified that he was the man. There was such a variety and weight of evidence against him that the jury deliberated only about 20 minutes before reaching a verdict.

ROTARIANS IN ANNIVERSARY

Huge Birthday Cake Contains Seventeen Kiddies in Costume.

Special to The World, Feb. 23.—The Nowata Rotary club at its meeting Tuesday night celebrated the seventeenth anniversary of Rotary in a fitting manner. One of the events of the evening was the cutting of the Rotary birthday cake. An immense cabinet was formed and Clyde Kine cut it into 17 pieces. In each piece, or compartment, was a small boy or girl dressed in the costumes of the different nations where Rotary is represented.

The little tots distributed souvenirs to the guests. The Nowata Rotarians are planning to attend the seventeenth district convention at Muskogee March 30 and 31, and will take with them a band of 40 pieces.

APPOINT RAILWAY COMMITTEE

Men Named to Look After City's Interests in East and West Road.

Special to The World, Feb. 23.—Continuing the local plans for an east and west railroad through Ponca City during the present year, the chamber of commerce last night named a special committee to which will be assigned all railroad propositions.

John S. Alcorn of the Alcorn Oil company is chairman; the other members include Sam Collins, Jr., and H. C. Muir of the Marland Oil company; R. R. Mills, superintendent of the Empire Refining company; D. J. Donahoe, head of the Ponca City Milling company; Mayor Harry Cragin, and P. A. Heberling, member of the Oklahoma legislature.

VOLUNTEERS JOIN CHAMBER

No Solicitation for Members Allowed in Several Days' Campaign.

Special to The World, Feb. 23.—An opportunity is being given the citizens of Ponca City at the present time to join the chamber of commerce voluntarily for the coming year. Thus far approximately one-third of the 1921 membership has volunteered, together with about 10 per cent additional new members.

No personal solicitation of citizens to join will be made until the voluntary campaign is continued for several days. Five hundred letters were sent to citizens, with application blanks enclosed, suggesting that their memberships be sent in of their own accord.

Reaching for Federal Aid.

Special to The World, Feb. 23.—Garfield county will apply for \$100,000 federal aid this year to be matched by the same amount in county funds raised by direct levy. Five hundred letters were sent to citizens, with application blanks enclosed, suggesting that their memberships be sent in of their own accord.
